

This document was prepared by the AST Public Officer, Ann Frith, on instruction from the AST Management Committee at a meeting held 23 August 2009 (Item 9.6).

This document is sorted first by "Status", then by "Category", and then by "Date" in descending order.

The list was compiled from the AST Annual General Meeting Minute Book and the AST Management (Executive) Committee Minute Book from the AGM in 1986 when the last set of By-

Laws for 1987 was approved, up to and including resolutions made at the AST Management Committee meeting 23 August 2009 and confirmed at the AGM 22 November 2009.

It was agreed at the AGM 22 November 2009 that this list be reviewed by the incoming Management Committee following the AGM to confirm currency of resolutions and implement any that have lapsed that should be reinstated.

It is also agreed at the AGM 22 November 2009 that future resolutions made at AGMs and Management Committee Meetings be updated by the Secretary immediately following the meeting so AST can keep track of decision making and current By-Laws, and that the current list of By-Laws is available on the AST Website.
